screens

A mobile app registration screen with a purple header and light blue background. The header contains a back arrow, the time 14:51, and status icons. The main content area has two social login buttons (Facebook and Google) and a text link 'or with email'. Below these are five input fields for registration details. At the bottom, there is a terms and conditions link, a large registration button, and a link to log in if the user already has an account.
